

## Facility Outbreaks in Peterborough County and City

Alert Date: 2012-12-31      Time: 10:00 hrs (Alert #69)

This table is updated when a new outbreak is declared, when a causative agent is identified and/or when an outbreak is declared over. If you have questions about these outbreaks, please contact the facility. For further information, call Infectious Diseases program staff at (705)743-1000. This information is posted on [www.pcchu.ca](http://www.pcchu.ca).

The following facilities in Peterborough County and City are experiencing an outbreak:

| Facility Name            | Address  | Phone        | Onset of First Case (Y/M/D) | Date Reported (Y/M/D) | Type of Outbreak | Causative Agent | Recommendation for Staff/Volunteers Working In Other Facilities   | Health Unit Contact Person | Date Declared Over (Y/M/D) |
|--------------------------|--|--------------|-----------------------------|-----------------------|------------------|-----------------|---|----------------------------|----------------------------|
| Princess Gardens         | 100 Charlotte St.<br>Peterborough, ON<br>K9J 7L4         | 705-750-1234 | 2012-12-28                  | 2012-12-31            | Respiratory      | Unknown         | During an unknown respiratory outbreak staff/volunteers working in the facility are advised not to work in any other facility.  | Marilyn Mitchell, RN       |                            |
| Applewood Manor          | 1500 Lansdowne St<br>West<br>Peterborough, ON<br>K9J 2A2 | 705-749-1500 | 2012-12-17                  | 2012-12-27            | Enteric          | Unknown         | During an enteric outbreak, staff/volunteers working at these facilities should be advised not to work at any other facility.   | Wanda Tonus, PHI           |                            |
| Fairhaven                | 881 Dutton Road<br>Peterborough ON<br>KW8 7S4            | 705-743-4265 | 2012-12-16                  | 2012-12-19            | Respiratory      | Influenza A     | Staff/volunteers who have been vaccinated with 2012-2013 influenza vaccine are permitted to work at this facility or at other facilities providing uniform is changed between facilities. Staff who have been vaccinated for less than two weeks at the time the influenza outbreak is declared should take antiviral prophylaxis for two weeks after vaccination or until the outbreak is declared over. Unvaccinated asymptomatic staff currently taking antiviral prophylaxis can continue to work in the facility. Unvaccinated staff who wish to work in other facilities must be asymptomatic for 3 entire days before working in another facility. | Monica Mina, RN, PHN       |                            |
