

Alert Date: **2019-01-09** Time: **10:15 am (Alert #003)**

This table is updated when a new outbreak is declared, when a causative agent is identified and/or when an outbreak is declared over. If you have questions about these outbreaks, please contact the facility. For further information, call Infectious Diseases program staff at 705-743-1000. This information is posted on www.peterboroughpublichealth.ca

The following facilities in Peterborough County and City are experiencing an outbreak:

Facility Name	Address	Phone	Onset of First Case (Y/M/D)	Date Reported (Y/M/D)	Type of Outbreak	Causative Agent	Recommendations	Public Health Contact Person	Date Declared Over (Y/M/D)
Fairhaven LTC	881 Dutton Road Peterborough, ON K9H 7S4	705-743-0881	2019-01-04	2019-01-07	Respiratory	RSV	During an RSV respiratory outbreak, asymptomatic staff/volunteers working in this facility should be advised not to work in any other facility until 7 full days have passed since their last day of work in the outbreak facility. Symptomatic staff should remain off work and should not work in other facilities for 8 days from the onset of symptoms or until symptoms have resolved, whichever is shorter.	Jessica Andrews, PHN	
Extendicare Peterborough LTC	860 Alexander Court, Ptbo ON K9J 6B4	705-743-7552	2018-12-28	2018-12-30	Respiratory	Influenza A	During an influenza outbreak, only immunized staff (immunized at least two weeks prior to outbreak declaration) should be working in the outbreak home and have no restrictions on their ability to work in other facilities. Unimmunized staff may resume work at the affected home as soon as they are taking antiviral prophylaxis. Unimmunized staff not receiving prophylactic therapy must wait one incubation period (3 days) from the last day that they worked at the outbreak facility/unit prior to working in a non-outbreak facility.	Kaitlin Burnside, PHN	
Applewood Manor RR	1500 Lansdowne Street West Ptbo, ON K9J 2A2	705-749-1500	2018-12-18	2018-12-19	Enteric	Norovirus	This facility is experiencing an enteric outbreak. Staff/volunteers working at this facility should be advised not to work at any other facility.	Ravi Shahe, PHI
