

Immunization Coverage Rates in Peterborough City and County Schools 2018-2019

In Ontario province, under the **Immunization of School Pupils Act** R.R.O. 1990, Reg. 645, students must be **immunized** against measles, mumps, rubella, diphtheria, tetanus, meningococcal, varicella and polio, or have a valid Medical or Conscience/Religious Belief exemption on file with Public Health.

School Year: 2018-2019

- In school year 2018-2019, 14,214 students enrollment
- Overall coverage rate for diphtheria, tetanus, polio (DTP) vaccine is 89.7% with 2.9% non-medical and 0.3% medical exemptions.
- Overall coverage rate for measles, mumps, and rubella (MMR) vaccine is 95.5% with 2.8% non-medical and 0.5% medical exemptions.

Technical Notes

- The data was taken on August 26, 2019 from Panorama, the provincial information system used for tracking immunizations.
- The data captures immunization coverage rates of Peterborough City and County students, ages seven to 17 (born between 2001 and 2011) by school, for the 2018/19 school year.
- The immunization coverage rate is expressed as a proportion of students, who were up to-date for their age, for the particular vaccine antigens amongst all the students enrolled in the school for the 2018/19 school year.
- Percentages for the schools may not add up to 100 as the difference represents individuals that are not complete for age with their vaccinations or have a medical or administrative exemption.
- Only schools in the Catholic board and Public board are included in this report. Schools with 10 or fewer students enrolled are excluded.
