

# My Child Did Not Pass the COVID-19 Daily Screening. Now What?

(Please see [STUDENT SCREENING TOOL](#) for details on symptoms and screening.)

If your child has **ONE** new or worsening symptom (that is not related to a known cause or condition) that include:

- Fever and/or chills
- Cough
- Shortness of breath
- Decrease or loss of taste or smell
- Sore throat
- Runny or stuffy/congested nose
- Headache
- Nausea, vomiting, and/or diarrhea
- Extreme tiredness or muscle aches

**STOP**

**Your child must not attend school or child care.**

Contact the school or child care to let them know.

Your child must isolate and book a **COVID-19 test at an assessment centre** and/or seek medical advice.

\*All household members must quarantine.

Refer to the **Return to School or Child Care** protocol.

If your child has:

- Travelled outside of Canada in the past 14 days or lives with someone who has **OR**
- Been identified as a close contact of someone who has COVID-19 **OR**
- Has been directed by a healthcare provider or public health to isolate **OR**
- Has received a COVID Alert exposure notification on their cell phone in the last 14 days

**STOP**

**Your child must not attend school or child care.** Contact the school or child care to let them know.

Your child must quarantine (stay home) and follow the advice of the Local Public Health Unit.

If your child develops symptoms, you should **book a COVID-19 test at an assessment centre** and/or seek medical advice.

Refer to the **Return to School or Child Care** protocol.
