

## My Child Did NOT Pass the COVID-19 Daily Screening. Now What?

(Please see [SCHOOL AND CHILDCARE SCREENING TOOL](#) for details on symptoms and screening.)

If your child has **ONE** new or worsening symptom (that is not related to a known cause or condition) which includes:

- Fever and/or chills (37.8 °C or higher)
- Cough or barking cough (croup)
- Shortness of breath
- Decrease or loss of sense of taste or smell
- Nausea/vomiting, diarrhea

**STOP**

**Your child must not attend school or child care.**  
Contact the school or child care to let them know.

Your child must self-isolate (stay home) and book a **COVID-19 test at an assessment centre** and/or seek medical advice.

\*All household members must self-isolate EXCEPT those who received their 2<sup>nd</sup> vaccination at least 14 days ago or were previously positive for COVID-19 within the past 90 days AND have no symptoms.

Refer to the **Return to School or Child Care** protocol.

If your child has:

- Been directed by a health care provider or public health to isolate OR if your child is not at least 14 days post 2<sup>nd</sup> vaccination and has:
  - ✓ Travelled outside of Canada in the past 14 days
- OR**
- ✓ Been identified as a close contact of someone who has COVID-19
- OR**
- ✓ Has received a COVID-19 Alert exposure notification on their cell phone in the last 14 days

**STOP**

**Your child must not attend school or child care.**  
Contact the school or child care to let them know.

Your child must self-isolate (stay home) and follow the advice of the Local Public Health Unit.

If your child develops symptoms, you should **book a COVID-19 test at an assessment centre** and/or seek medical advice.

Refer to the **Return to School or Child Care** protocol.
