

Name: _____

Date: _____

Absent day of screening.

Call 705-748-2230 to book a dental screening.

Today, your child had a visual dental screening.
This does not take the place of a regular dental check-up.

Our Registered Dental Hygienist noted:

Your child appears to have no visible decay.

Based on your income, your child may be eligible for basic dental care under the Healthy Smiles Ontario Program at no cost to you. Call us or visit www.ontario.ca/page/get-dental-care to see if your child is eligible.

Your child may have treatment needs that should be looked at by a dentist.

Based on your income, your child may be eligible for basic dental care under the Healthy Smiles Ontario Program at no cost to you. Call us or visit www.ontario.ca/page/get-dental-care to see if your child is eligible.

Your child needs to see a dentist as soon as possible, because of:

Dental Decay Infection Lost Filling

Call 705-748-2230 if you have questions or to book an appointment.

Why Is Oral Health Important?

Cavities and gum disease can be painful. They can lead to serious infections affecting the growth of adult teeth. Pain can result in loss of sleep and affect a child's ability to eat. Dental pain can impact a child's ability to learn and attend school. Good oral health is important for your child's self-esteem, sense of well-being, and their overall health. Prevent oral health problems before they start!
