Fluzone® Quadrivalent Pre-filled syringe: 657144200	QIV	≥ 6 months	
FluLaval Tetra® Multi-dose vial : 657144000	QIV	≥ 6 months	

By submitting this order, I verify on behalf of the practice the following:

- Refrigerators have maintained temperatures between +2°C to +8°C and temperatures are documented twice daily
- Accurate temperature logs will be provided upon request and are kept on site until our next annual cold chain inspection
- All temperature excursions outside of +2°C to +8°C (if applicable) have been reported to and recommendations regarding usage of the effected vaccines have been implemented by the practice
- Contingency plan is in place if a power outage/cold chain incident occur (includes: extra vaccine coolers, temp monitoring devices, etc.)

Note: If you are unable to verify any of the above, call Anita Watts at 705-743-1000 ext. 349.
