

Report of an Adverse Storage Condition (Cold Chain Incident)

The person below from your site reported a cold chain incident to Public Health involving Ontario Government Pharmacy vaccines. A Nurse will contact your site after receiving the information below. Please check off once these recommendations are completed and fax this form to Peterborough Public Health at (705)743-2897:

Place vaccine in a bag labeled: "DO NOT USE until assessed by Public Health staff"

Place sign on front of fridge which states: "Do NOT use this fridge for vaccine storage until further notice"

Move vaccine to designated back up fridge that has documented temperatures within 2°C to 8°C. If fridge is already back within range, keep vaccine in current fridge

Continue to monitor and record the temperature of the vaccine fridge twice daily

Fax all temperature log sheets to Peterborough Public Health (PPH) starting from the date of your last vaccine order. Include data logger readings if a data logger is used.

Person reporting cold chain incident:

Title:

Premise name:
