WARNING: Community Reporting ALERT in Peterborough Region

December 30, 2024 - Peterborough Public Health is issuing an alert following reports from community. Details on this event are below:

Tan Substance & Green Substance Being Sold as Down:

- Reported to be “knocking people out”

Use naloxone if you suspect a drug poisoning! Naloxone will work on the effects of fentanyl, but not benzos or xylazine. Naloxone can restore breathing, but the person may continue to experience the sedative effects of benzos. Seek medical attention if you are experiencing wounds that are not healing properly.
